Important Rec. Meeting Friday

Matters affecting the future of the Vulcan District Recreation Association will be brought up Friday night of this week when the annual meeting of this organization is held. The meeting is set for 8:00 p.m. at the Legion Hall.

Aside from it being a meeting prescribed by conditions of the Societies Act, minutes and a financial statement will be read and dealt with. Serious consideration must also be given to a proposal to make all or a part of the current recreation building plan a centennial project which could possibly make the Recreation Association eligible for a per capita grant.

Vulcan town council is holding up any plans for centennial development until the decision of the Recreation Association is known. Applications must be in by the end of August which necessitates immediate action by the group. This meeting is open to the public and it is hoped a good turnout will be on hand to take part in discussion.

P.C.'s Dispute Riding Elimination

The Macleod Progressive Conservative Association, and 15 regional P.C. associations throughout the federal constituency of Macleod are disputing the proposed changes indicated by the Federal Redistribution Commission for the Province of Alberta, particularly the changes that would eliminate the constituency of Macleod, now represented by Lawrence E. Kindt, M. P.

A formal protest has been made to the Boundaries Commission for Alberta, based on the following reasons:

1. The Commission failed to give proper appreciation to many vital factors in proposing the Rocky Mountain Constituency No. 17. Representations will show that this proposed constituency has no place in redistribution and therefore should be eliminated, and the

boundaries of the Macleod Constituency both on the south and west should be re-established and the name of "MACLEOD" retained.

2. The Commission failed to give proper attention to the fact that Medicine Hat Constituency, if extended west, would cause maladjustments in other constituencies. Likewise the proposed constituency of Crowfoot should be dropped. The area around Hanna and the short

grass area along the Saskatchewan border is a distinct area with special problems and should be continued as Acadia or Medicine Hat.

Officials of the Progressive Conservative Associations will make representations at the scheduled meetings of the Boundaries Commission in Calgary and Lethbridge.

Cultivate good habits — all the bad ones grow wild.

Resplendent in their blue blazers, fezzes and white pants are members of the Vulcan Elks Lodge, as they headed the July 1st Celebration parade. Behind them similarly attired are their counterpart,

ladies of the Royal Purple and at the rear is the Vulcan County Band. Flag bearers in the front are Bruce Daniells and Bob Cutler of the Vulcan Light Horse Association.

From Near and Far

Almost 600 Attend School Reunion At Arrowwood

(Special to The Advocate)

If numbers indicate the popularity of an event then we must assume that the Arrowwood School Reunion was a real success as almost 600 people from far and wide came to participate. Word had been received that the old

school built in 1919 was slated for demolition so the Home and School with the community behind them decided to hold a get together for ex-students, teachers and friends.

One ex-teacher, Helen Dallain (Braithwaite) came all the way from Pittsburgh, Pa., U.S.A. for the event. Three of the Soper family who were on the school roll of 1919 came from Calgary, Lethbridge and California to meet here again. There were several others also present whose names were on the roll of 1919. Ruby Fletcher (Ward) drove from West Vancouver, Cecil Culp and family and his son Jim Culp and family came from Pateros, Wash. Cecil had attended the first Arrowwood school and also drove the first motor driven school van to the consolidated school, the others being horse drawn vans. Hildred Williams (Vancil) came from Prince Albert, Sask. Hildred had played basketball on the team that were champions for southern Alberta back about 1928 or so. Amy Lyle whose name was also on the roll of 1919 came from Seattle. Bill Brown and family came from Vancouver.

Hundreds of former students came from various parts of Alberta. Everyone was busy shaking hands and at the same time trying to read the name tags. Three generations of the Mervin Norton and Don Beagle families were present and all had or were attending the school. Fannie Jones and her brother Elmer Lyle were two of the early teachers present. Others were Mary Gibson (Lee) Nanton, Jean Barlow (Wright) Bassano, Laqueeda Norton (Versluis) Myrtle Wade (Forman), Kathleen Knive, Vulcan, Anne DeWitt (Oldfield) Calgary, Mr. and Mrs. Bob Darrah Calgary, Mrs. Vera Hough Calgary, Messrs Henry McCullough, Reg Campbell Calgary, Erwin Unrau, Mossleigh.

Teachers who are presently teaching who were present were Ivy Seeley (Riches) and Helen Cockwill (Christie). Mrs. Leigh Williams in introducing the teachers remarked on the fact only two teachers to date had married and settled in the district. Mrs. Milt Ward and Mrs. Janus Norton. One of the teachers wittingly replied, "Well we would have liked to stay but nobody asked us to."

The old school was the community centre for a good many years and a landmark before the town. Dances and box socials were held in the two north rooms which were divided by folding doors to make two class rooms during the week. All entertainment was centred in the school, a stage being built for plays and Christmas concerts, etc.

Hostesses for the day were Mrs. T. S. Board, Mrs. R. Hill, Mrs. D. Richards, Mrs. W. Steiner, Mrs. F. H. House, Mrs. W. Thompson and (Continued on Page 4)

Lasting Tribute Paid

The Students' Union raised \$1,000 towards the establishment of this dual scholarship for graduates which is in the amount of \$50 each to a boy and girl.

Keystone Class

The Keystone Class met at the home of Elsey Hollister on July 8. There were 11 members and seven visitors who answered the roll call with their favorite parable.

The Keystone Class is getting a dozen hymn books with money donated as a memorial for Mrs. Davis. Mr. Pelham gave the devotion for Mrs. Smith who was unable to be present. All members wish Mrs. Smith a speedy recovery.

The meeting closed with the hymn, There's A Garden, followed by prayer and lunch. The next meeting will be held at the church parlors.

Two Storms Strike

Heavy Hail Damage Hits Parts Of County

Two devastating hail storms have struck at crops in the County of Vulcan this past week, causing damage up to 100% to thousands of acres.

The biggest storm, Wednesday of last week, was centred in the district south of Arrowwood and the same storm caused damage in the Brant, Mossleigh, Majorville, Milo and Armada districts. The Wheat Pool agent at Arrowwood estimates that about 12,000 acres in his district received heavy damage and about 6,000 acres was damaged to a lesser extent, with about 55% of this acreage being in crop. In the hail zone at Arrowwood precipitation was about three inches, while outside the hail zone rainfall was about .75.

The other districts struck by this storm report varying hail damage and although recovery of crops to some extent is expected they would be very late.

The second storm, late Sunday afternoon, struck about 4,000 acres of crops in the area south-east of Vulcan, with damage estimated at 50 to 100%. This storm was about 12 miles long and varied from one to four miles in width, with very heavy hail flattening gardens, stripping leaves from trees and breaking windows as well as pounding the crops. The hail did not strike in town or north of the Lomond road.

Outside the geographical boundaries of the county, one of the worst hail storms ever experienced slashed across the Nobleford-Barons area, Friday evening, causing 100% damage where it hit and leaving hail piled six inches on the ground in places. The storm raged east and then south before disappearing into Montana.

A School Centennial Project

We would like to suggest that the County of Vulcan Schools participate in the Centennial tree planting program sponsored jointly by the Federal Centennial Commission and the Alberta government.

Driving by a few county schools in recent weeks it appears that — at the ones we've seen, at least — no particular effort has been made to plant trees around the buildings or otherwise beautify the grounds. Under the centennial tree planting program, the only cost would be the preparing of the planting sites and the necessary care and attention the trees would require in future years.

The program will be operative through rural and urban school divisions and school committees can initiate the project through the office of the District Agriculturist.

The Alberta Department of Agriculture will provide trees 12 to 36 inches in height depending on the species. These will consist of Northwest Poplar, American or Manchurian Elm, Green Ash, Manitoba Maple, White or Colorado Spruce, Laurel Willow, etc. In addition, one Centennial Rosyblow Crabapple will be available for each school to commemorate the occasion in a planting ceremony.

This tree planting program can be participated in prior to and during the centennial year of 1967.

The Claresholm ladies Jean Harwood, Audrey Miller, Sue Larson and Mildred Norby blew out the first round and took 39 seconds in the second go round. Sue Larson was borrowed from Nanton to make the team.

The working teams were as follows: Vulcan, Huey Broere, Tom Wiley, Cal Rutberg and Cal Lebsack; Claresholm, Ken Logan, Roy Norby, Don Bush and Roy Miller; High River, Ron Fix, Jon Thompson, Harry Haynes and Don Blair; Okotoks, John Yazlovsky, Les Herron, Winston and Bob Thompson; Fort Macleod, Len Hatten, Harold Olsen, Bob Gunderson and Don Davis; Nanton, Terry Atkins, Evan Evans, Roy Shaw and Alan Fraser.

In the hose coupling competitions there were no rules or penalties. Each man had two jobs to perform. The hose was hooked to the hydrant. The second man hooked another hose to that and the third man attached still another. The fourth man screwed on a nozzle and aimed at the target until he hit it with a stream of water. The middle section of hose was then uncoupled and another took its place and the nozzle was replaced with another and a second target was hit. The total time was the time counted. High River was first with a time of 26 and 4/5 seconds. Nanton was second with 28 seconds. Vulcan third with 28 and 3/5 and Fort Macleod fourth with 32 and 2/5. Claresholm and Okotoks had no time.

In the hose laying competitions where the truck was run from a starting point, past the hydrant to a destination, while the crew jumped out, coupled the hose to the hydrant, fixed a nozzle on the far end and knocked out a target, Nanton came first with 26 and 1/5 seconds. Claresholm was second with 27 and 3/5. Fort Macleod third with 28 and 4/5. Vulcan fourth with 29-and Okotoks fifth with 34 and 2/5. High River blew out the first trip and lost a nozzle the second trip to rate no time both trips. In several instances water came from the hydrant too soon or the clamp was applied too late.

Following the competitions towns drew positions for the traditional water fight and Claresholm backed out. Fort Macleod versus Vulcan and Vulcan lost. Okotoks versus Nanton and Nanton won. Fort Macleod versus Nanton and Nanton lost. High River against Fort Macleod and High River won, giving High River first place, Fort Macleod second and Nanton third.

The afternoon's competitions were followed by a reception in the Nanton firehall and a banquet in the Community Centre. Nearly 100 people attended the banquet where Geo. K. Wolstenhome was master of ceremonies. Mayor J. T. Foster of Nanton welcomed the firemen and guests to the town. Edward P. Benoit MLA brought greetings from the government and commended volunteer fire brigades everywhere. Richard Beland, fire inspector from Edmonton, encouraged local fire departments to prepare for special competitions in 1967 for Canada's centennial. Al Johnson, another inspector from Edmonton brought greetings. Andy O'Toole, an inspector from Lethbridge, praised the value of competitions in equipping the firemen with knowledge and proficiency.

Andy Patton, representing the M.D. of Willow Creek, spoke of the value of female fire fighters and expressed the hope that the M.D. of Foothills might find a solution soon to its rural fire fighting situation. Cyril Caspell, Nanton's fire chief, expressed gratitude to Nanton's ladies for helping prepare the local firehall for the competitions and future use and thanked all for coming and making the day a success. Mrs. Logan of Claresholm thanked the Nanton fire department for sponsoring the competitions and Alan Fraser thanked the ladies of the Mormon church for catering to the banquet.

Bruce Young of the Nanton brigade presented the Okotoks fighters with the consolation prize. Cyril Caspell presented High River with the hose coupling trophy. J. T. Foster presented the Nanton team with the hose laying trophy. Richard Beland presented the Nanton brigade with the Murray Bedard shield and trophy for general proficiency. Andy O'Toole also presented Nanton fighters with the Wilson and Cousins trophy.

Mrs. J. T. Foster presented the Nanton fire ladies with first prize trophies in the hose coupling contest and Mrs. Cyril presented the Claresholm ladies team with a consolation prize.

Next year the competition will be held in Claresholm. Boundaries are to be determined for the Foothills League competitions in the future and they will likely limit entries to towns along the foothills area.

One interesting side light of the day was the fact that the shiny, new fire wagon being used for hose laying competitions was constantly vapor locking or flooding and an old, wartime crash pumper previously owned by the town of Nanton had to be constantly pressed into service to tow and start the main piece of fire equipment. The situation has since been remedied.

Almost all the earth's air is below 500 miles above its surface.

VAUXHALL VIVA

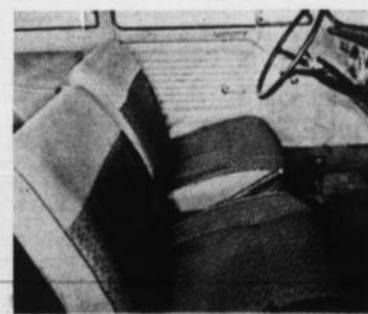

Deluxe Sedan

VAUXHALL VIVA for 1965 sets a
whole new standard in the thrift car
field — in roominess, in performance,
in finish and in value.

There's plenty of leg, shoulder and
hip room and headroom for the tallest.
There's a really large trunk, big
enough for the family's luggage.

Viva's spunky 50 h.p. engine gives it
the best power-to-weight ratio in its
class, with remarkable acceleration
and power always in reserve at
normal speeds.

DE LUXE INTERIOR

Its 4-speed fully synchronized transmission is a delight to use and the unique roll-controlled suspension lets it take fast curves like a sports car. The steering is precise and finger-light.

Viva is planned to give you full comfort, convenience and value in a small-sized car. There are bucket type front seats, full-width parcel shelf, full-width rear seat, wipe-clean upholstery.

There's a powerful heater-defroster, designed for Canadian winters, deep-dish, twin-spoke steering wheel and extra-good visibility.

Viva's sturdy 50 h.p. engine gives power with thrift even when driven hard. It gives you up to 45 mpg and chassis lubrication is only required every 30,000 miles.

Come in for a demonstration of this dependable, low-priced car. You'll be glad you did!
